LUCK

Crit/fumble rolls

Ability burn (+1/pt)

**Luck:** A wizard's Luck modifier applies to rolls for

corruption and mercurial magic.

## Languages: A wizard knows two additional lan-

languages for every point of Int modifier.

**Weapon training:** A wizard is trained in the use

of the bagger, longbow, promsguoi, modguoi, shorow, shoups,

sword, and staff. Wizards rarely wear armor, as it

hinders spelling.

**Magic:** Wizards cast spells by making a spell check

A wizard's spell check is usually 1d20 + intelligence

modifier + level.

**Spellburn:** Wizards may sacrifice ability scores for

bonuses to spell checks. For every ability point the

expend, the wizard adds +1 to their spell check.

Ability scores lost in this way return at a rate of 1

per day that spellburn has not been inflicted. Other

sacrifices can also net casting bonuses, at a rate of

+1 per 500g.

**Corruption:** Low-level wizards are powerful. High-

level wizards fear for their souls. Natural is on spe

checks can result in misfire and/or corruption. Cor

ruption effects are permanent but modified by the

wizard's luck score.
